For the first meeting, I would like to meet with all middle school principals that have the Opportunity program at their schools, the assistant principals responsible for the Opportunity program, counselors involved with Opportunity, and the Opportunity teachers.

For the remaining meetings, only the designated assistant principals and the Opportunity teachers are required to attend.

Please email or call my secretary Diana Martin (x365) and let her know who from your school will be attending these meetings. During the year, if anyone cannot attend a meeting due to an emergency, s/he will need to notify my office.

I look forward to seeing everyone at our first meeting!
