

Attention Internet-Savvy Home Ed. Parents and Students:

You will always receive a hard-copy of the HEP monthly calendar in the mail. In addition, you can “subscribe to” and view the Home Ed. calendar for the entire year from your home computer! How?

- 1) Open your internet browser.
- 2) Go to the E.U.S.D. home page at www.eusd4kids.org by typing that address in your address bar.
- 3) Find the box labeled “Calendars”, and click on **Parents - Calendars**
4. This is the “Parent Schedule Information” page, which will help you install the correct application. PC users will use Sunbird, and Mac users will use iCal. This page allows you to print pdfs of the instructions for both platforms.
- 5) Once you are set up with either Sunbird or iCal, there will be an icon for you to access on your desktop. You can click on the **Home Education Program** link on the “Parent Schedule Information” page, or you can type in the following URL in your address bar:
webcal://podcast.eusd4kids.org/calendars/home_ed/awilcox_home_ed.ics
- 6) Check the calendar regularly for updates. Also, you will find other E.U.S.D. calendars available for you to subscribe to, if you are interested.

Next time you wonder when a Home Education Program event is taking place, use your computer to find out!

Please contact Amanda Wilcox at (760) 432-2221 or awilcox@eusd4kids.org, if you have any questions. Thanks!
