

Final Checklist for iVIE Project Submissions

- Export a full quality version, named appropriately (see Naming Conventions)
 - iMovie: Share > Quicktime > Full Quality
 - FCP: File > Export > QuickTime Movie > Current Settings (Self-contained)
- Export a LAN/Intranet [H264] version named appropriately. That is another choice in the same area you usually choose Broadband Medium when exporting for the EUSD Media Server (see Naming Conventions)
- Burn DVD with both of these files (handout on Project LIVE page)
- Mount your DVD on another machine to make sure the files are really there (trust us)
- Label burned DVD (use fine-tip Sharpie) with:
 - Title
 - Length
 - Production Year (2009)
 - Lead Student name(s)
 - Teacher name
 - School/District
 - IVIE entry Number (the iVIE entry number is assigned when you fill out our online form.)
- Turn in completed DVD w/ Sleeve and this completed checklist

Naming Conventions

Full Quality Version

IVIE Entry Number	Movie Title (simplified)	Compression type	File extension
-------------------	--------------------------	------------------	----------------

0000_Title_fq.dv (or .mov from FCP)

LAN/Intranet Version

IVIE Entry Number	Movie Title (simplified)	Compression type	File extension
-------------------	--------------------------	------------------	----------------

0000_Title_h264.mov
